PROFESSIONAL SUMMARY

Junior Front-End Developer with a Bachelor's Degree in Computer Science and hands-on experience in WordPress web development and Flutter mobile application development. Proficient in building responsive and user-friendly web interfaces, implementing UI/UX best practices and maintaining cross-platform applications. Experienced in troubleshooting, content management, performance optimization and website maintenance. Currently expanding technical skills in React.js, TypeScript and Next.js, with a focus on developing scalable, high-performance web applications and modern portfolio projects.

WORK EXPERIENCE

Jan 2026 - Present

Junior Front-End Developer, Construction Professionals Malaysia | Sungai Petani, Kedah

- Designed, developed and maintained the company website using WordPress (Breakdance Builder) with a focus on responsive design, performance optimization and SEO improvements.
- Developed and maintained the company mobile application using Flutter and Android Studio, including UI enhancements, bug fixing and feature updates.
- Implemented content updates and UI improvements to ensure consistent user experience across web and mobile platforms.
- Integrated new functionalities and performed testing to improve application stability and usability.
- Utilized version control practices and structured development workflow for application maintenance.
- Designed digital assets such as banners, brochures and promotional materials to support branding and marketing efforts.

May 2025 - Jan 2026

Program Executive (Digital Media), Mega Jati Academy Sdn Bhd | Shah Alam, Selangor

- Maintained and updated the corporate website using Wix CMS, ensuring accurate content and improved usability.
- Assisted in mobile application maintenance using Flutter, including content updates and functionality testing.
- Designed posters, brochures and digital promotional materials for training programs and corporate communications.
- Coordinated with trainers and stakeholders to gather program information and digital requirements.
- Supported technical documentation and digital content preparation for HRDC grant submissions.
- Familiar with CIDB systems, registration processes and compliance-related submissions.

Oct 2024 - Jan 2025

Shopify Web Developer Intern, Homy Villa (Borneo) Sdn Bhd | Kuala Lumpur

- Developed and maintained an e-commerce platform using Shopify Plus.
- Redesigned and updated the company website using WordPress (Elementor).
- Configured POS system integration with online store database.
- Performed UI improvements, content updates, and troubleshooting for website issues.
