Portfolio: bearhauzz-portfolio.vercel.app | GitHub: github.com/bearsoleh | LinkedIn: linkedin.com/in/afiq-haikal-43141531b

PROFESSIONAL SUMMARY

Web developer and Computer Science graduate with experience building web applications, business websites and e-commerce storefronts using Laravel, React, Shopify and WordPress. Skilled in frontend and backend development, deployment and troubleshooting, including website recovery. Works with clients and cross-functional teams to translate requirements into functional, responsive websites.

TECHNICAL SKILLS

Programming: JavaScript, TypeScript, PHP, Python, HTML5, CSS3, SQL

Frontend: React, Next.js, Vite, Tailwind CSS, responsive web design

Backend & Databases: Laravel, MySQL, PostgreSQL, Supabase, authentication, role-based access control

CMS, E-commerce & Mobile: WordPress (Breakdance, Elementor), Shopify Liquid, Framer, Wix, Flutter

Tools & Deployment: Git, GitHub, Docker, OrbStack, SSH, cPanel, phpMyAdmin, Cloudflare, Railway, Netlify, Vercel

Testing & Delivery: Debugging, functional testing, cross-device testing, user acceptance testing, Vitest; familiarity with Agile and Scrum workflows

PROFESSIONAL EXPERIENCE

Management Trainee - Web Development (Contract)

GoViral Digital Sdn Bhd | Petaling Jaya — Jun 2026 - Oct 2026

- Developed and maintained seven client and company websites across Laravel, Shopify, WordPress, Framer and custom code, handling revisions, responsive testing and deployment.
- Built a Laravel/MySQL content management system for MyPATH, enabling administrators to create and update job listings and candidate testimonials.
- Developed custom Shopify Liquid sections with editable theme settings for Pferd and Janine; connected Janine's forms to a Railway-hosted service for email notifications.
- Completed remaining development for Vastiq Solutions within one month and delivered Why Travel & Tours on Framer within two months, launching both on their respective domains.
- Set up a local WordPress development environment using Docker and OrbStack, transferring website files through SSH and importing databases through phpMyAdmin.
- Coordinated concurrent digital projects with internal teams, clients and external vendors, tracking scope, timelines, deliverables and follow-up actions.
- Supported Meta and TikTok advertising campaign setup, execution, performance monitoring and reporting in collaboration with the marketing team.
- Assisted with quotations, invoices, proposals and client onboarding documentation.

Junior Web Developer

Construction Professionals Malaysia Sdn Bhd | Sungai Petani — Jan 2026 - May 2026

Internally reassigned from Mega Jati Academy at management's request to support the revival of its subsidiary's digital operations.

- Recovered WordPress websites affected by malware and phishing redirects; investigated security risks involving an inherited third-party-sourced Breakdance installation, weak security controls and an outdated PHP runtime.
- Built and maintained responsive WordPress websites using Breakdance, updating page layouts, on-page SEO and website performance.
- Updated Flutter application screens, resolved bugs and tested functionality to support Android and iOS releases.
- Designed promotional posters for training programmes and handled programme registration through HRD Corp (HRDC).

PROFESSIONAL EXPERIENCE (CONTINUED)

Program Executive - Digital Media

Mega Jati Academy Sdn Bhd | Shah Alam May 2025 - Jan 2026

- Maintained Wix website and Flutter application content for training programmes and corporate events, supporting application testing and troubleshooting.
- Handled training programme registration through HRD Corp (HRDC) and CIDB, including preparation of supporting programme information and documentation.
- Prepared registration materials and coordinated programme requirements and participant communications before transitioning internally to Construction Professionals Malaysia Sdn Bhd.

Shopify Web Developer Intern

Homy Villa (Borneo) Sdn Bhd | Kuala Lumpur Oct 2024 - Jan 2025

- Customised Shopify Plus themes using Liquid, HTML, CSS and JavaScript; maintained Shopify and WordPress storefronts and tested responsive layouts.
- Supported product updates, Shopify POS, B2B pricing workflows and e-commerce troubleshooting.

SELECTED TECHNICAL PROJECTS

BJBC - Badminton Club Management Application

Independent project | *Oct 2026 - Present* | *In development*

React, TypeScript, Vite, Tailwind CSS, Supabase, PostgreSQL

- Developing a mobile-first application to manage club membership, badminton sessions, participation and waiting lists.
- Implemented authentication, member/admin access controls, session creation and publishing, participation voting, joining and withdrawal workflows.
- Built timed waiting-list offers with 15-minute acceptance windows, automated expiry and queue promotion, plus an in-app notification inbox.
- Applied database access policies and transaction controls to protect member records and prevent overbooking; validated implemented workflows through automated database, integration and browser tests.

BearHauzz - Personal Portfolio

Next.js, React, TypeScript, Tailwind CSS

bearhauzz-portfolio.vercel.app

- Built a responsive portfolio using reusable React components, shared project data and statically generated project pages.
- Implemented page metadata, responsive images, keyboard navigation, focus restoration and reduced-motion support; checked production builds before deployment.

CampusSphere - Campus E-Marketplace

Final-year project

PHP, Laravel, MySQL, HTML, CSS, JavaScript

- Developed a campus marketplace for UiTM Arau with separate buyer, seller and administrator workflows.
- Implemented authentication, product management, search and filtering, shopping cart, order management and payment receipt submission with seller approval.
- Evaluated the application through user acceptance testing with 33 participants.

EDUCATION

Bachelor of Computer Science (Hons.) - Netcentric Computing

Universiti Teknologi MARA (UiTM), Arau Campus Oct 2021 - Apr 2025

Leadership: Speaker of Student Parliament, Student Council Secretariat and Head of Multimedia and Technical for Student Orientation Committee.
